*1 car

*6 cars; 6 computers

Clothing Items Distributed: 2,221 63,721

Volunteer Hours: 606 5,784

HHH Needs: All clothing, but especially boys' clothing and boys' underwear; major appliances.

Last Saturday, a young couple came to His Helping Hands for two things. One, to receive clothing and two, to thank us for our prayers. The husband came to HHH a few months before for the first time and asked for prayers for his wife. She was pregnant and had been admitted to the hospital due to some complications. He was worried and asked the counselors to pray for the safety of his wife and unborn child.

The couple was excited to tell us that the birth process went well and that both mom and child were just fine with no anticipated problems as a result of the previous complications. They beamed as they showed their one-month old child to the counselors. The prayers offered for this young family were very much appreciated by them and it impacted their lives immensely. As we distribute food, clothing and furniture to our clients, the staff and volunteers try to make it known that we care for them very much. The best way to show that we care about them is to pray for their needs and commit them to the care of our loving Father. Thank you for your part in Helping People, Help People.

"Call to me and I will answer you and tell you great and unsearchable things you do not know."
Jeremiah 33:3
